Heating & Air Conditioning

31776 Cowan Rd. • Westland, MI 48185
734-425-1415

Do you have a single uncomfortable room in your home, have an attic or garage that is too hot or cold, or are you considering an addition? A Mitsubishi's mini split system might be the best fit for your needs. This system focuses on individual living spaces by way of a ductless unit in each room you're addressing, rather than using the ducts to supply air to every room. This system is broadly used in Eurasia, in countries known for their perfectionism. It's easy to customize and it's energy efficient and best of all, we're a Diamond Contractor so your installation will be done right!

Act now for rebates up to \$400!

What a deal!

A promotional graphic for Sharon's Heating & Air Conditioning. It features the company logo "SHARON'S" in a stylized font with horizontal lines on either side. Below the logo is the text "Heating & Air Conditioning" and the address "31776 Cowan • Westland, MI 48185" and phone number "734-425-1415". To the right is the BBB logo. The main offer is "Extend the life of your furnace change your filters!" followed by "Buy 5, Get One Free". Below this text are five small images of furnace filters, with the last one being slightly larger and more prominent.
